Newcomers, Developing Golfers or Transitioning Athletes

The JGA was started over 50 years ago to provide young people who are curious or interested in golf with the opportunity to join a program that offers a friendly organized competition and a place to make new friends who share their desire to learn the great game of golf. Parents with kids between the age of 6-18 that are interested in learning how to play golf, are transitioning to golf from another sport, or are adding golf to their athletic resume are encouraged to register them for the JGA and get them started in an affordable program that teaches lifelong values and skills. With a combined 12 divisions specifically designed to match the skill level of boys and girls - regardless of their age - the JGA offers a fun, challenging and rewarding experience for everyone!
